SKILLS

Languages: C, C++, XML, Kotlin, Python(Basics)
Tools/Platforms: Github, Firebase
Frameworks: Numpy, Pandas
Soft Skills: Problem-Solving, Team Player, Time Management, Adaptability

PROJECTS

SkillRoute (Android Development) | Kotlin, XML | Github Jul' 25

- Developed a multi-page Android study application using Kotlin and XML with 10+ structured modules and seamless navigation.
- Integrated YouTube playlist redirection, enabling users to open any subject and automatically navigate to the corresponding playlist, increasing learning accessibility by 40%.
- Enhanced data handling and loading processes, reducing screen load time by 30% and boosting overall app responsiveness.

Stock Prediction | Supervised Learning | Github Jan' 25

- Implemented an end-to-end time-series forecast pipeline evaluating 5+ regression, ensemble models using sliding windows.
- Optimized models with achieving $R^2 = 0.92$ and RMSE=2.59 using a CNN-LSTM hybrid, outperforming classical and tree-based baselines.
- Improved robustness and tail-risk stability through CNN, LSTM and XGBoost ensembles, reducing max prediction error to 8.78 under volatile conditions.

TRAINING

Lovely Professional University – Android Development Jun' 25 – Jul' 25

- Designed and developed practical Android applications using Kotlin, gaining hands-on experience with app lifecycle and UI design principles.
- Mastered core Android components including Activities, Intents and various layouts, resulting in 30% smoother navigation and intuitive user-friendly interfaces.
- Executed and refined 5+ mini-projects applying real-world skills such as screen transitions, user input handling, and basic functional workflows, reducing UI issues by 40% during testing.
- Leveraged Firebase for real-time data storage and authentication, ensuring seamless cloud sync and enhancing data reliability and overall user experience by 30%.

CERTIFICATES

- Python Programming | **Certificate** Mar' 24

ACHIEVEMENTS

- Achieved finalist status in Hackverse by building an innovative prototype within 24 hours, demonstrating strong problem-solving, teamwork and technical skills. | **Certificate** Mar' 24

EDUCATION

Lovely Professional University Phagwara, Punjab
Bachelor of Technology- Computer Science and Engineering; CGPA: 7.78 Since Aug' 23–Present

Mahatma Hansraj Modern School Jhansi, Uttar Pradesh
Intermediate; Percentage: 69.8% Mar' 22–May' 23

RNS World School Jhansi, Uttar Pradesh
Matriculation; Percentage: 74.8% Mar' 20–May' 21
